Racecraft

Starts. My strongest phase: clean getaways and places made up into turn one. Best reaction 0.183 s.

Overtaking. Aggressive on entry, controlled on the pass: the move gets set up, not thrown.

Clean racing. You can't always win it on the first lap. I keep my nose clean.

Rig

Moza R9 V3 direct drive, GS V2P wheel

Moza CRP2 loadcell pedals

GT Omega Prime Lite cockpit, Inertia seat

32" 1440p display at 180 Hz
